

YORK 7X1/4X7/8 R30RBF DPC GRINDING DISC

| Specifications | Details |
|-----------------------|--|
| Abrasive Material | Aluminium Oxide |
| Thickness | 6.0 mm |
| Series | Inox |
| Hardness | Hard |
| Grain Size | 30-Medium/Coarse |
| Maximum RPM | 8600 |
| Bond Type | Resin Bonded with Fibre Reinforcement |
| Additional Conformity | Manufactured According to EN12413 |
| Type | Type 27 |
| For Use On | Stainless Steel Steel |
| Grade Designation | R30RBF |
| Cutting Application | Sheet Steel |
| SKU | YRK2303660GTSK |
| Special Features | Free From Iron, Sulphur and Chlorine Good Performance Competitively Priced |
| Bore | 22 mm |
| Box Quantity | 10 |

| Specifications | Details |
|----------------|--|
| Benefits | Manufactured to Assure Operator Safety and Optimum Performance |
| Diameter | 180 mm |
| Brand | York |
| Weight | 1 |
