

Gedore CRS 100-0022 FH Torque Screwdrivers

Complete control of the tightening process is achieved by eliminating both under and over tightening as these tools incorporate Gedore Torque's slipping mechanism. Suitable for use by operators of any skill level, as these tools will repeatedly deliver the set torque without the need for operator intervention. Range: 6-32 ozf.in

Specifications	Details
Product Number	015089
Brand	Gedore
Range Imperial	6-32 ozf.in
Model Number	CRS 100-0022 FH
Drive Size	1/4"
Weight	72g
Range Metric	2-22 cN.m
