

Gedore CRS 100-0135 FH Torque Screwdrivers

- Complete control of the tightening process is achieved by eliminating both under and over tightening as these tools incorporate Gedore Torque's slipping mechanism. Suitable for use by operators of any skill level, as these tools will repeatedly deliver the set torque without the need for operator intervention. Range: 14-135 cN.m

Specifications	Details
Range Metric	14-135 cN.m
Imperial	0.9-12 lbf.in
Model Number	CRS 100-0135 FH
Product Number	015209
Brand	Gedore
Weight	210g
Colour	<input type="checkbox"/> Grey
Drive Size	1/4"
