

Gedore CRS 100-0406 FH Torque Screwdrivers

Complete control of the tightening process is achieved by eliminating both under and over tightening as these tools incorporate Gedore Torque-Stop slipping mechanism. Suitable for use by operators of any skill level, as these tools will repeatedly deliver the set torque without the need for operator intervention. Range: 4.4-36 lbf.in

Specifications	Details
Product Number	015609
Brand	Gedore
Colour	Grey
Weight	280 g
Imperial	4.4-36 lbf.in
Range Metric	50-400cN.m
Model Number	CRS 100-0406 FH
Drive Size	1/4"
