

## Kennedy-Pro - 1/4 inch Drive, 5mm Kennedy Bi-Hexagon Sockets - 12 Points`

Ideal for assembly and servicing of small precision mechanisms associated with electrical, electronic, ignition and refrigeration work. All bi-hexagon unless stated. Double knurl feature gives a high grip which is essential for a quick tool change when your hands are greasy/oily. The 12 point bi-hexagon side drive design will give a higher torque than normal sockets.
