

## Winters Premium Stainless Steel StabilizR Gauge, 0-3000 psi / 0-200 bar, 4" (100mm) Dial Display, ±1% Accuracy, 1/2" Back

- ✘ StabilizR™ gauges are dry gauges with a StabilizR™ dampened movement that minimizes vibration and pulsation-induced pointer flutter. It's a lot easier to read pressure now. There's no need to be concerned about fill fluid spilling or process media compatibility. Without the trouble of draining and refilling the case with fill fluid, gauges can be serviced quickly. Ideally suited for process, chemical and petroleum industry. Where chemical compatibility and contamination is a concern

| Specifications | Details                |
|----------------|------------------------|
| Dial Size      | 4" (100mm)             |
| Range          | 0-3000 psi / 0-200 bar |
| Connection     | 1/2" Back              |
| Material       | SS/SS                  |
| Type           | StabilizR Gauges       |
| Accuracy       | ±1%                    |
