

Magnetic V Blocks

Ideal for marking, spark erosion, grinding, and measuring cylindrical and other complex workpieces. Both the 'v' and the base are magnetic. The toggle switch activates and deactivates both at the same time. Securing the workpiece to the holding area and the base to any flat ferrous surface.

Specifications	Details
Max dia. of workpiece bottom 'v' (mm)	22
Max dia. of workpiece top 'v' (mm)	65
Dimensions	70 x 101.6 x 95 mm
Weight	1.98 kg
