

Pipe Thermometer Dial Surface

This simple pipe thermometer is ideal for use in hot water pipework and has a 60mm stainless steel dial that indicates temperature from 0 to 120°C (32 to 250°F). The clear, graduated scale on the 50mm dial face indicates temperature in 2°C and 4°F divisions. Each thermometer comes with a pipe mounting wrap-around stainless steel spring kit (53mm long).

Specifications	Details
Range	0 to 120°C and 32 to 250°F
